Oh, Devi परं शंभुं वन्दे I worship that Paramasiva (Who is); तवाज्ञाचक्रस्थं in Your aajnaa chakra; तपन-शशि-कोटि-द्युतिधरं as brilliant as crores of Moons and Suns; परिमिलित-पार्श्वं परचिता Whose left side is integrated with the Supreme Consciousness embodied as the Devi ; यम् आराध्यन् भक्त्या the One who worships Him like that; भालोक-भुवने निवसति हि will definitely attain saayujya padavi with You, (which) रवि-शशि-शुचीनां अविषये beyond the light of Sun, Moon and Fire and निरालोके आलोके beyond all perceptible and imperceptible.

I bow to Parameswara resting in Your aajnaa cakra enveloped by Paracit on the sides and having the splendor of crores of Suns and Moons. Having worshipped whom with devotion, one lives in the sahasraara, the land of eternal moonshine, which is out of reach of the Sun, Moon and Fire and far beyond the ken of all and devoid of light.
